Q) How do I choose the password, while changing the same?

While finalizing your password, please note that

- It must be **minimum** 8 digit long and **maximum** 16 digit long.
- It must contain an alphabet (A-Z or a-z) and a number (0-9) and a special character (@,\$,#,* etc.), all the three.
- It should not contain all the letters used in your user id.
- It is case sensitive i.e. if password is in small letters use the same. If you use capital letters, it will not work.
- For your safety, your password will be blocked, if attempt to log in fails for 5 times.
- If not changed in 365 days, system will force you to change the password. However, we advise you to keep changing the passwords, at a regular interval.

Q) Whether alerts are there for Password expiry?

You will be alerted (on the homepage, when you log in) for changing the passwords before the expiry date.

Q) What should I do, if I have to stop using services for some time?

Please ensure to logout in proper way. However, if you abruptly close your Internet Banking page, your session will end. Please do not leave your system unattended, when you have logged in, since this may give an opportunity to others around you to operate your accounts

Q) What is online and offline services?

Online services indicate happening of the services instantly (on real time basis).

- Fund transfer (self, third party),
- Stop payment
- Balance enquiry etc. are some of the services which will be offered online.

Offline services indicate that this facility will not be carried out immediately but will be done in span of few days. Services like

- Cheque Book request,
- CBS Account Opening,
- FD renewal request
- Account summary will be offered offline.

In these cases, Your request for (say) Cheque book will go to RLM and RLM will execute the request i.e. get Cheque book prepared, send it by courier etc. Entire process is expected to take 3-4 days and thus the request will be offline.

Q) Can I transfer the funds to any of the branches in Bank of Baroda?

You can transfer funds to any of the branches of Bank of Baroda.

Q) How do I Stop Payment of the Cheque?

Go to Accounts Menu>> Operative Accounts. Click the right side three dots more option and click on View or Stop issued cheque option. Search the cheque by using the given options as shown in the below screen.

Snapshot Accounts O	perative Accounts		
View or Stop Issued	Cheques		
Search Criteria Cuery on Cheque Book From Date (dd/MM/yyyy) Query on Issued Cheques (Query on 1 or more Criterie)	To Date (dd/MM/yyyy)

			BACK CLEAR SEARCH

Select the Cheque number and click on Stop Payment for which you want to stop the payment. System will give message, whether the stop payment is successful or not. If the stop payment is not successful (i.e. if you do not get success message) you may please explore other option of sending this request (manually, over phone/ fax etc.)

Q) What are the Security features for usage of Internet Banking?

Transactional based internet banking offered is fully secured with 256 SSL (Secured Socket Layer) which is the highest level of security presently available. Bank has taken adequate care of security in respect of communication and transactions on the internet.

While the customer will access the portal and the information will travel on public network, it will be in the encrypted form (using SSL) and even if someone receives that information, he will not be able to use it due to its encryption. To offer confidence to the customer, the bank's servers are duly certified by Verisign.

Another Safety feature is the timed logout, which means the session is automatically terminated if it is not active for a certain duration.

Q) Are there some important Security Tips:

Dos & Don'ts

Change Password	Change Password in frequent interval. To change PW login to https://feba.bobibanking.com/ and click My profile→Security Setting→Change Password.
Log off page properly	Log off properly every time after online banking session is over. To log off, always select "Log Out" button. Do not close your browser directly by clicking on 'X' button.
Check Alert regularly	Check Alert received in registered Mobile of all online transactions. Any suspicious transaction Alert should be reported immediately to the branch.
OTP for Beneficiary Registration	OTP is required for Beneficiary Registration and sent to registered Mobile number. <u>Never share OTP with anybody.</u>

	Keep your PC / LAPTOP protected with effective Anti-Virus and update Anti-Virus software regularly.
	Review your account statement to spot any doubtful / un authorized transaction.
personal detail	We never call any personal detail such as User ID, Password, Tracker ID, password of email etc. Never disclose all these personal information to anybody over Phone, e-mail, Mobile etc.
	Avoid using Internet Banking in Public Domain like Cyber Cafes or where Computers are in shared mode.

Q) How shall I register my Mobile Number / New Mobile Number?

To register Mobile Number / to change Mobile Number you are required to submit "Mobile Number Updation" form to your base branch. The form is available under "Download Forms" section of www.bobibanking.com

To down load the form click here https://www.bobibanking.com/MobileNoRegnForm.pdf

Q). What is "Fraud Management Solution (Baroda iSecure)"?

Fraud Management Solution (Baroda iSecure) is an enhanced security solution which helps reduce chances of phishing attack on customer by providing additional layer of authentication.

Q). What are the key features of "Fraud Management Solution (Baroda iSecure)"?

It enables additional security to make Internet banking more safe and secure. User has to first register for the new system. System will automatically prompt for one time enrolment. Once you are registered, you can perform the following tasks.

- You can re-generate login password on your own.
- Unlock the account, without approaching the branch, in case you forget your password or your account is locked (Because of 5 times wrong attempts)

Login to the site is now a -2- step process, in the first step, you enter only the Login ID. In the second step, a screen is presented with a personal message (PAM) which prompts you to enter your password. Further, in case you (or somebody using your ID) attempts to login from a different machine, system may prompt for additional questions (QnA) / One time password (OTP)

Q). What is PAM?

When you enrol for enhanced security of "Fraud Management Solution (Baroda iSecure)" system will ask you to create a "Personal Message" (PAM). Once the PAM is registered the same will be displayed in your login page well before you enter your sign-on password. It is an added security feature that reassures that

- (a) You are giving your sign on password to the Bank's portal only
- (b) No person has fiddled with your account.

Q). What is QnA and OTP?

Ans. In addition to login password and transaction password, there is one more security layer to identify the genuine user. These are called QnA – Question and Answer OTP – One time Password

QnA – Question and Answer

At the time of enrolment you have to pick minimum 5 questions and key in your answers. Subsequently, whenever the system feels the risk or doubt (at the time of log in or doing transaction) in the user's identity, system will prompt you the questions (number of questions may vary depending upon the level of risk) selected by you at the time of enrolment. You have to key in the answer registered by you at the time of enrolment.

OTP – One time Password

Whenever the system feels the risk or doubt (at the time of log in or performing transaction) in the user's identity, system will prompt you to enter your mobile number. If the mobile number entered by you is registered with us, the system will send a "One time Password" (OTP) to your mobile via SMS. You have to key in the OTP correctly to proceed further. One Time Password – means password send will be used once only, you need not remember the same. Each time system sends password, it will be for one time use only. OTP valid for -3- minutes only.

Q). How can I enrol for "Fraud Management Solution (Baroda iSecure)"?
